October 24 – 25, 2011 Summit on Victim Offender Dialogue

October 26 – 27, 2011 Fifth Annual Conference, National Association of Victim Service Professionals in Corrections

### Partnerships to Meet the Needs of Victims During Offender Re-Entry

This year more than 20 million Americans will become victims of crime. The reality is most offenders will re-enter society and return to the same communities where their crimes were committed. Victim involvement in the re-entry process must be a component in helping break the cycle of crime and in safety planning for victims. Collaborative planning and cooperation between criminal justice and community agencies working together to address the needs of crime victims will be the theme throughout the conference.

Hear experts describe effective reentry programs, model collaborative partnerships, and how to maximize grant opportunities. Learn more about Vision 21, Race to the Top funding, victim offender dialogue issues, model standards for service providers and enjoy a special treat from The Laugh Academy.

### Sheraton At The Falls Hotel, Niagara Falls, New York
